what is a hero?

Hero 1 a: a mythological or legendary figure often of divine descent endowed with great strength or ability.

Some heroes wear uniforms, some wear suits, some wear the same clothes we do. You never know when you might be in the presence of one. What you do know is that they give all they have so that we might live our lives in peace.

Celebrity does not make a hero.

Throwing, hitting, catching or dribbling a ball does not make a hero.

Running into a burning building when everyone else is fighting to get out, makes a hero.

Saying good-bye to loved ones to travel to the other side of the world and give up all the commonly taken-for-granted comforts makes a hero.

Knowing you're about to go through a door and be confronted by something evil, and doing it anyway, makes a hero.

Living your life in such a way; with such honor and integrity; that a small boy or girl believes the sun rises and sets because you allow it, makes a hero.

For those of you to whom we refer to as hero...

Air Force, Army, Coast Guard, Marines, National Guard, Navy, Reserves, Law Enforcement Officers, Firefighters, Wildland Firefighters, EMT and Paramedics...thank you. We appreciate you, who you are and what you do.

B02 SmallFly

The SmallFly integrates traditional butterfly knife elements with innovative Spyderco features, effectively **Spyderizing** a butterfly knife. 17-4 stainless MIM (metal injection molded) handles are elongated, modifying the Fly's center of balance over traditional butterfly knives. This added handle length generates more momentum and equilibrium when swinging and manipulating. Wire pocket clip and spring-loaded locking latch attach to either handle for left/right carry. 154CM stainless blade is centerline ground equally dispersing blade weight for complimentary balance and symmetry.
